The Wasatch County Library constructed in 1938 and 1939.

Through sound budgetary policies, most of the county roads are hard surfaced and maintained in good condition. Funds are also being set aside for construction of a new courthouse. By the time work begins, funds will have been accumulated to permit payment without burdensome bonding programs.

For over a century the selectmen and commissioners of Wasatch County have given mature, devoted and wise leadership in helping the county to grow and to provide the services necessary for comfortable, safe living.

Even though salaries have never been enough and rewards have had to come through the joys of service, those who have served could, almost in a chorus, join with the selectmen of some 70 years ago who recorded in their minutes at the close of a lengthy session of problems, complaints, rulings and decisions, "They adjourned the Court and departed, feeling pretty well satisfied with their labors."
